Visiting Professor Lecture in Neuro-Ophthalmology

June 11, 2025

David M. Paton, MD Lecture in Academic Global Ophthalmology

Excellence. Excellence is the goal of all of us pursuing one of the most exacting and rewarding specialties in all of medicine, Ophthalmology. We strive to be excellent clinicians, innovators, diagnosticians, surgeons, and physicians. And as great sports heroes can tell you, excellence isn't achieved without inspiration and perspiration. It is the result of consciously doing something each day that will add to your overall excellence. It is a habit. You are what you repeatedly do — thank you, boxing, football and basketball gods!

At Wills Eye Hospital, we see ourselves as a training center for elite athletes in eye surgery and vision science. We aspire not only to deliver the highest quality eye care in the world ourselves, but also to transfer these skills to those talented and simpatico colleagues who are equal to the task, and to advance the frontiers of vision science by innovation and research.

This academic calendar lays out the game plan for our next season. It features all star players, brilliant teamwork, and novel, game-winning strategies. We believe it is the *sine qua non* for top athletes who aspire to nothing less than excellence in all phases of performance in our field.

Join us on Walnut Street, at the AAO, and online for this adventure on the elite playing field of world class Ophthalmology! Welcome to our team!

Warmest regards,

Julia A. Haller, MD

Ophthalmologist-in-Chief and William Tasman, MD, Endowed Chair | Wills Eye Hospital
Professor and Chair of Ophthalmology | Sidney Kimmel Medical College at Thomas Jefferson University

JULIA A. HALLER, MD

Ophthalmologist-in-Chief

“ Excellence isn't achieved without inspiration and perspiration.”

George Foreman

“ Excellence is a habit. You are what you repeatedly do.”

Shaquille O'Neal

“ Success doesn't come from pie-in-the-sky thinking. It's the result of consciously doing something each day that will add to your overall excellence.”

Nick Saban

RALPH C. EAGLE, JR., MD

Director,
Continuing Medical Education

I am continually amazed at the breadth and wealth of the Continuing Medical Education (CME) offerings available on the Wills Knowledge Portal free of charge for ophthalmologists around the globe. These outstanding educational activities are **scientifically valid**, unbiased in nature, **clinically relevant**, and are taught by Wills Eye's renowned faculty of world-class clinicians and physician educators, who are strongly committed to the highest quality medical education.

Participants are able to attend these CME activities in person, live-stream them at home, or view them later **on-demand**.

Live-streamed events include our popular Friday morning Chiefs Rounds, Saturday morning subspecialty Updates, Visiting Professor Lectures (*including resident case presentations*), retinal imaging and surgical conferences, and other special events. CME credits are offered for Chiefs Rounds and the subspecialty Updates. If your schedule conflicts or you are out of town, you can view our courses **on-demand** at your convenience.

During the past year, more than 11,000 learners participated in our educational activities. Ophthalmologists who attended all 26 of our Chiefs Rounds and 10 Saturday Updates in person or online earned *66 AMA PRA Category 1 Credits™* **free of charge** and amassed a wealth of up-to-date clinical information to improve the quality of their ophthalmic practice.

The Wills Ophthalmology Review Course, now in its 50th year, is not just for ophthalmologists-in-training. Practicing ophthalmologists who attend in person receive *45.5 AMA PRA Category 1 Credits™* for this intense review that covers all aspects of ophthalmology. In addition to the in person course, participants can opt for our on-demand course that is accessible for 12 months and provides *61.75 AMA PRA Category 1 Credits™*. Ophthalmologists who attend the in person course also have free access to the on-demand course.

Now that Wills is getting back to pre-COVID activities, those who desire personal interaction and socialization are welcome to attend our rounds, Saturday Updates, and conferences in person. **Wills welcomes you!!**

A handwritten signature in black ink, appearing to read 'R. Eagle', with a long horizontal flourish extending to the right.

FEBRUARY 22-26, 2025 • WILLS EYE HOSPITAL

50TH ANNUAL WILLS EYE OPHTHALMOLOGY REVIEW COURSE

COURSE DIRECTOR: RALPH C. EAGLE, JR., MD

This live, in-person course is a comprehensive and intensive review of ophthalmology for practicing ophthalmologists and ophthalmology residents and fellows. Topics taught by our world-renowned faculty range from anatomy, corneal diseases, eyelid, glaucoma, imaging, immunology, neuro-ophthalmology, oncology, orbit, ocular pathology, ophthalmic tumors, optics and refraction, pediatric ophthalmology, pharmacology and therapeutics, physiology, retina and vitreous, strabismus and amblyopia.

INFORMATION/REGISTRATION: willseye.cloud-cme.com

77TH ANNUAL WILLS EYE CONFERENCE

CONFERENCE CHAIR: **ZEBBA A. SYED, MD**

This three-day conference, designed for comprehensive ophthalmologists, specialists, and health professionals, features presentations by nationally and internationally recognized physicians and Wills faculty on the latest clinical, diagnostic, and therapeutic approaches to eye conditions in all ophthalmic subspecialties.

INFORMATION/REGISTRATION: willsconference.org

THURSDAY • MARCH 6 *(live streamed and in person)*

- Research Symposium 8:30 a.m.–12 p.m.
- Free Paper Session 1 p.m.–6 p.m.

FRIDAY • MARCH 7

- Physician Program: 7:55 a.m.–5 p.m. *(in person only)*

Featuring:

ARTHUR J. BEDELL LECTURE: Glaucoma

Steven J. Gedde, MD, Bascom Palmer Eye Institute

E. HOWARD BEDROSSIAN LECTURE: Oculoplastics

Suzanne K. Freitag, MD, Massachusetts Eye and Ear

IRVING H. LEOPOLD LECTURE: Cornea

Jodhbir S. Mehta, BSc, MBBS, FRCOphth, FRCS (Ed), FAMS, PhD,
Singapore Eye Research Institute

- Technician Program: 8 a.m.–4:45 p.m.
- Front Desk Program: 8 a.m.–12:30 p.m.

SATURDAY • MARCH 8

- Physician Program: 7:55 a.m.–12:30 p.m. *(in person only)*

Featuring:

• RICHARD A. ELLIS LECTURE: Pediatric Ophthalmology

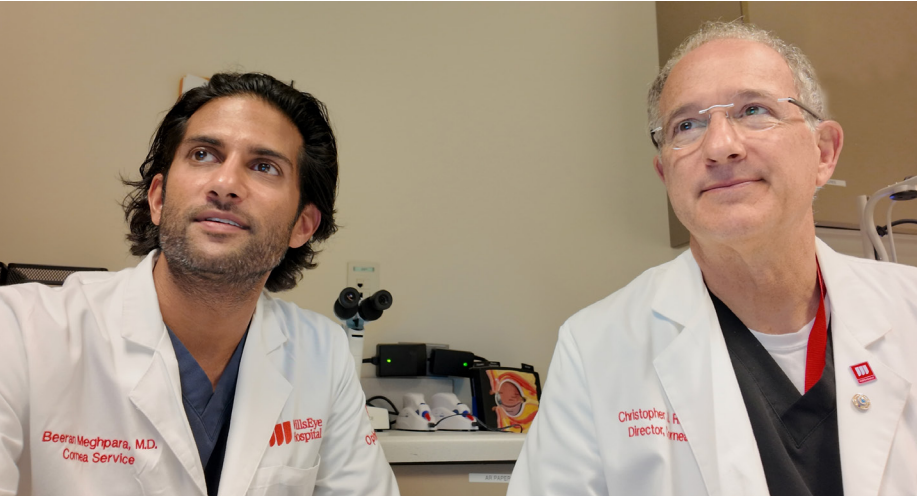

Terri L. Young, MD, MBA, University of Wisconsin-Madison

• BERNARD C. GETTES SYMPOSIUM: Cataract

Rosa Braga-Mele, MD, MEd, FRCSC, University of Toronto

Presenters, topics, and times are subject to change. These presentations are not affiliated with the official program of the 2024 American Academy of Ophthalmology annual meeting.

Celebrating the inaugural Joseph Charles Flanagan Visiting Professor Lecture in Oculoplastic Surgery are Oculoplastics Service Chief Robert B. Penne, MD, Flanagan Visiting Professor Andrea Lora Kossler, MD, FACS, Oculoplastics Director Emeritus Joseph C. Flanagan, MD, and Ophthalmologist-in-Chief Julia A. Haller, MD.

Ophthalmologist-in-Chief Julia A. Haller, MD (2nd from L) congratulates the 2024 recipients of the Luo Family Distinguished Service Award: Marius Heersink, MD (Class of 2024), Sunidhi Ramesh, MD (Class of 2026), and Saif Hamdan, MD (Class of 2025)

Peter Laibson, MD and Ruth Laibson with Christopher J. Rapuano, MD, the inaugural Peter and Ruth Laibson Cornea Service Chief Endowed Chair.

TO LEARN MORE, GO TO www.willseye.org/giving
OR CONTACT SUZANNE BEERS, CHIEF DEVELOPMENT
OFFICER AT THE WILLS EYE FOUNDATION, AT
[215.440.3153](tel:215.440.3153) OR sbeers@willseye.org.

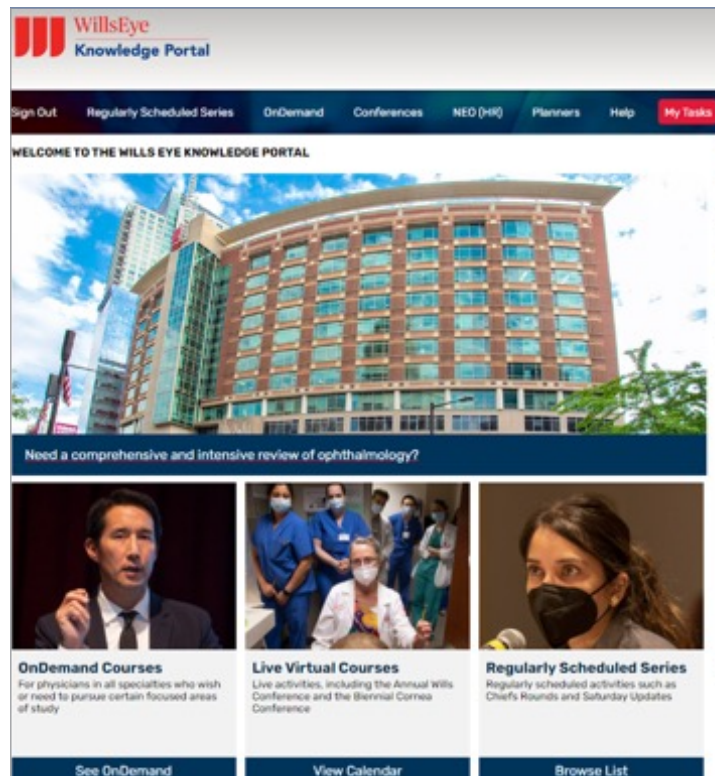

FEELING A GREAT SENSE OF HONOR AND PRIDE, the Wills Eye family joined with Peter, Ruth, and entire Laibson family to recognize Dr. Peter Laibson's lifelong career at Wills Eye Hospital as a premier leader, clinician, researcher, and educator. In 1967, Dr. Laibson launched the Cornea Service at Wills Eye. Over the 47 years of his career, he trained more than 200 fellows and 500 residents, all of whom take with them the great experience, professionalism, and humility taught by Dr. Laibson.

By establishing The Peter and Ruth Laibson Cornea Service Chief Endowed Chair, the Laibson family not only honors the achievement of Peter for generations to come, but also provides vital resources for the Chief of the Cornea Service to further the clinical and academic missions of the department in an time when the business of healthcare has become increasingly difficult.

All Wills alumni are warmly invited to follow the lead of the Laibson family and help ensure that the 3rd century of Wills Eye Hospital's contributions are as storied and impactful of the years since its founding in 1832. Opportunities are available to support endowed positions including Chairs or Fellowships as well as lectures and visiting professors.

- Endowed Chairs allow Wills Eye to recruit and retain the best and brightest ophthalmologists and support leaders in our subspecialties in their pursuit of the Wills Eye tradition of excellence.
- Endowed Fellowships sustain the ongoing education of subspecialists for 1- or 2-year terms as they learn from the experts at Wills, offering the highest quality ophthalmic educational experience available anywhere.
- Endowed lectures and visiting professors enhance Wills Eye's strong legacy of enriching educational offerings.

WILLS EYE KNOWLEDGE PORTAL

The Wills Knowledge Portal on CloudCME is a fabulous resource of outstanding continuing medical education for ophthalmologists around the globe. Learners can live-stream popular educational events including Chiefs Rounds, Visiting Professor Rounds and our clinically relevant subspecialty updates, or watch them on OnDemand at a time of their choosing. Unable to attend our in-person Ophthalmology Review Course in Philadelphia? You can register for our companion OnDemand Review Course and get eleven months' access to 63 hours of lectures and CME credits. The Portal also allows participants to record attendance with their phones and download CME certificates and transcripts.

Additional benefits include:

- Texting or scanning attendance by mobile phone.
- High-definition quality OnDemand video streaming.
- Automated course reminders for faculty and learners.
- 24/7 access to CME certificates, event registration receipts, course transcripts.
- View and annotate presenter slides in real time via the CloudCME Mobile App.

AT WILLS EYE HOSPITAL, WORLD-WIDE ACCESS TO EDUCATION HELPS US TO REACH OUR GOAL OF PRESERVING SIGHT AND IMPROVING CLINICAL CARE OF PATIENTS WITH EYE DISEASE. THROUGHOUT THE YEAR, WILLS EYE PROVIDES MANY OPPORTUNITIES TO ACCESS LIVE-STREAMED EDUCATIONAL EXPERIENCES ONLINE.

CHIEFS ROUNDS

On Friday mornings, the tables are turned during Chiefs Rounds when residents present mystery cases to attendings of Wills Eye Hospital. Residents follow the thought processes of the attendings from clinical presentation to differential diagnosis and management.

RETINAL IMAGING AND SURGICAL CONFERENCES

The Wills Eye Retina Service Imaging Conference and Surgical Conferences are interactive engaging forums during which Retina fellows present multi-modal imaging of interesting cases and their management to the attendings of Wills Eye Hospital.

SATURDAY UPDATES

The Wills Eye Saturday Update Series is the premier venue for physicians from each service area to present the latest procedures, research and treatment in their subspecialty.

SHIELDS OCULAR ONCOLOGY ROUNDS

Carol L. Shields, MD, director of the Wills Eye Ocular Oncology Service, leads a master discussion of fresh cases, their diagnosis and management.

CORNEA SURGICAL VIDEO LEARNING SERIES

Hosted by Wills Eye Hospital and University of Toronto, these 90 minute sessions feature a guest speaker, Q&A, and case presentations.

CHIEFS ROUNDS	<i>Fridays</i>	7:00 am
RETINAL IMAGING	<i>Wednesdays</i>	6:45 am (2x/month)
SURGICAL RETINA	<i>Wednesdays</i>	6:30 am (1x/month)
SATURDAY UPDATES	<i>Saturdays</i>	8:00 am (see calendar for dates)
BREAKFAST WITH WILLS EYE	<i>3rd Tuesday</i>	7:00 am (1x/month)
SHIELDS OCULAR ONCOLOGY ROUNDS	<i>4th Tuesday</i>	6:45 am (1x/month)
CORNEA SURGICAL VIDEO LEARNING SERIES	<i>Thursdays</i>	7:30 pm (9/19/24, 11/7/24, 2/15/25 (Saturday), 5/8/25)

All programs are Eastern Time
